

# When Seconds Count

Make Sure We Can Find You

## VITAL SIGNS ADDRESS MARKERS

Is Your Home a Mystery to Find?

Adequate addressing is vital to emergency services. A fire engine, medic or aid unit can be delayed several minutes trying to locate a correct address.

Firefighters appreciate the efforts of residents who have already ordered and posted reflective red address signs. Thank you! Your efforts to address your home conspicuously mean firefighters, medics, and law enforcement are better able to find you quickly in the event of an emergency.

The Key Peninsula Firefighters Association hand makes each of these signs and installs them for the low price of \$20!

### Features

3" White reflective letters on red reflective background

Visible up to 300' away, Day or Night!

Address numbers on both sides of sign

Proceeds Support The Key Peninsula Volunteer Firefighters Association
